## Secure SSL Encrypted Processing

From the moment the donor arrives at the Donation Page until the moment they leave the Receipt Page, ThankQ eDonation operates in a Secure SSL Encrypted environment. ThankQ integrates a secure online payment gateway via recognised suppliers such as PayPal's Verisign gateway. This assures your clients of safe conventional transacting.

## BackOffice Holding Pen

When a transaction has been successfully processed, the donor is issued with an on screen Tax Receipt (which is also automatically emailed to them). All of the completed information automatically arrives in the ThankQ BackOffice Holding Pen. All that remains is to de-dupe the donor information and accept the payment into a Web Donations Batch.
